

## RISK ASSESSMENT WORKSHEET Whitehall Recreation ground

Drawn up by

Date:

Organisation

Consider these questions

Are there any hazards?

Who is likely to be affected?

What action is to be taken?

Rating	Likelihood	Severity
0	Zero to very low	No injury or illness
1	Very unlikely	First aid injury or illness
2	Unlikely	Minor injury or illness
3	Likely	“3 day” injury or illness
4	Very likely	Major injury or illness
5	Almost certain	Fatality, disabling injury, etc.

Ratings before and after mitigating actions have been assessed as follows:  
(Risk is obtained by multiplying likelihood and severity together)

Hazard	Likelihood	Severity	Risk	Workplace Precautions	Modified Likelihood	Modified Severity	Modified Risk

Hazard	Likelihood	Severity	Risk	Workplace Precautions	Modified Likelihood	Modified Severity	Modified Risk
